## Did you know?

### Outcome Based Reporting

Teachers at Ochre Park School are transitioning to something new; Outcome Based Reporting. Outcome-based reporting is a method of reporting your child's academic progress. It provides parents with detailed information about their child's progress and development. Outcome-based reporting centers on the actual [learning outcomes](#) provided by Alberta Education and your child's progress in meeting these outcomes; there is no longer an explicit focus on reporting individual assignments. This approach offers parents a more comprehensive and nuanced understanding of their child's educational journey.

Over the next few weeks, you can expect regular and more detailed communication about this change.

## Coming Up Quick!

### Staggered Start Family Feedback form - **Due October 10**

Please share your thoughts on our Staggered Start. The link can be found [here](#). Thank you to those families who have already shared your feedback.

### Character Education OR Non-Denominational Religion Instruction Form - **due October 10 at noon.**

Please indicate which class you would like your child to participate in. Forms can be found [here](#).

**School Picture Day - October 18** - Bring your best smiles!

## UNO Cards

Ochre Park School is looking for donations of **used** decks of UNO cards to use for our numeracy instruction. If you have some you are willing to part with, please send them to the office. Thank you for your consideration. :)

## Dressing for the Weather

It's that wonderful time of year when we experience a variety of weather conditions in one day. Please ensure you are sending your child dressed appropriately for the changing weather conditions. Sturgeon Public School Division [Policy](#) notes that our students go outside to -25, including wind chill. Please make sure to clearly label your child's shoes/boots, hats/toques, mitts/gloves, coats, and snow pants with their name.
