- Ochre Park School teachers plan and carry out fun, engaging lessons for your wonderful children based on the Alberta Education Curriculum for each grade. Parents are welcome to explore more about topics covered in all subject areas by visiting the [New! Learn Alberta website](#). Here you will find a subject breakdown with the outcomes your child will cover throughout the year. :)
- PowerSchool Parent Portal is an important source of information. Coming soon in October, teachers will begin live reporting on your child's progress in the curriculum. Watch for more information in the coming weeks! Please ensure you have access to this platform. If you are having difficulty accessing it, please call the office and we will be happy to support you in setting things up.**
- We are having our first fire drill on Wednesday this week. Ochre Park staff have been working with your children to prepare in case of an emergency. Sturgeon Public School Division has a School Emergency Program aimed at keeping our students and staff safe in a variety of situations. Please click [here](#) for a message from our Superintendent, Shawna Warren, about this program.
