OP Driving Loop

Please continue to use the driving loop to drop your child off and pick your child up at the start and end of the day. You can go around the loop as many times as needed. You are also welcome to park in front of the school on the far side of the chain link fence (on the same side as the main road) or in front of the green field along the road.

Thank you for your continued care and diligence in keeping all of our Owl Community safe at morning drop-off and after school pick-up, as well as refraining from parking in front of and blocking our neighbour's driveways.

Did you know?

The University of Alberta campus, operates a 134-seat clinic where the dentistry school students get hands-on experience working with patients. The ultimate goal is to create a positive learning experience for students and provide patients with quality dental care. In terms of the orthodontics program, these are graduate-level students who are undertaking education to specialize in orthodontics. All care in the clinic is under the supervision of our faculty. There is currently have a shortage of patients for our orthodontics students. The cost of care in the clinic is more affordable than out in the industry, and we do accept the Canadian Dental Care Plan as well.

- Please ensure you label **all** your child's winter wear, including their boots. We have lots of Little Owls with the same winter wear. We want to avoid any mix-ups.

Sturgeon Public Schools Community,

We are thrilled to extend an invitation to our Pre-Kindergarten and Kindergarten Expo, where the exciting world of early learning awaits! This event provides an excellent opportunity for parents and guardians to explore the educational journey that lies ahead for your little ones in Sturgeon Public Schools.
